Summary

Motivated and detail-oriented professional with expertise in web development, Python, and Data Structures & Algorithms (DSA). Proficient in building scalable, user-friendly applications and optimizing algorithms for high performance. Skilled in problem-solving, debugging, and writing clean, maintainable code. Experienced in collaborating with cross-functional teams to deliver innovative solutions on time. A quick learner with a strong foundation in computer science principles, driven by a passion for continuous improvement and staying updated with the latest technologies.

Education

Bachelor in Engineering

CGPA: 8.94/10.0

Chaitanya Bharathi Institute of Technology

2023 – 2027

Intermediate

Score: 981/1000

Eamcet Rank:

2008

Technical Skills

Programming Languages	JavaScript, Python, R language
Frontend	HTML, CSS, Bootstrap, Chakra UI
Backend	Node.js, Express.js
Frameworks	React JS
Databases	MySQL, MONGODB
Developer Tools	VS Code

Projects

My Portfolio <https://nishith-portfolio.vercel.app/>

- Developed a responsive personal portfolio website using HTML, CSS (Flexbox), and JavaScript to ensure compatibility across devices and screen sizes.
- Designed intuitive sections for skills, experience, education, and projects, creating a clean layout to effectively showcase professional background.

Meme Generator

- Build a React.js app to generate random memes using and external API
- Implemented state management, controlled components, and useEffect for data fetching and lifecycle management.

Weather Forecast Web App <https://github.com/Itz-Secret/weather-forecast>

- Built a responsive weather app using React.js and a weather API.
- Features search by city, temperature unit conversion, and smooth animations.

Recipe Generating Web Platform <https://recipe-box-ivory.vercel.app/> | <https://github.com/Itz-Secret/RecipeBox>

- Built a MERN stack recipe-sharing platform with ingredient-based search, sorting & filtering.
- Designed a responsive UI with light/dark mode for better experience
- Optimized search functionality for quick recipe discovery.

Soft Skills

Communication	Effective verbal and written communication
Problem-solving	Analytical approach to complex issues
Team Work	Collaboration with cross-functional teams
Time Management	Efficient task prioritization and meeting deadlines

Certifications

Programming, Data Structures and Algorithms using Python NPTEL CERTIFICATIONS

React JS and Fast API Bootcamp CBIT COSC Club participation certification

CBIT Hacktoberfest Hackathon Participant in Hackathon, showcasing innovative problem-solving skills

Google Data Analytics Professional Certificate Developed skills in data analysis, data cleaning, visualization, and SQL.
